## All About Kids VPK Music Academy

Music gives flight to the mind and wings to imagination, and as early as 3 ½ years old, during our summer music program, students begin learning basic music theory. Before long, they are mastering the basic techniques to begin playing the violin at 4 years old as students of our VPK Music Academy.

Our VPK music program combines the benefit of professional music training with ongoing mentoring and daily practice sessions. Within a few months the students have gained the confidence and the discipline to build upon the basics and discover a love for music that will last a life time.
